ELTEK Labs Partners with European Certification Liaison Montec-Elcon

ELTEK International Laboratories is recognized around the world for testing of Electrical Insulation Systems [EIS] and Electrical insulating Materials [EIM]. Our testing laboratory located in St. Charles, MO [a suburb of St. Louis MO] USA consists of four individual labs; we can conduct a wide range of tests.

Montec-Elcon is recognized as a world class International Test Agency Liaison. Montec-Elcon is a reliable partner for companies expanding into world markets, your gateway to international certification. Montec-Elcon is located in Montaubaur Germany.

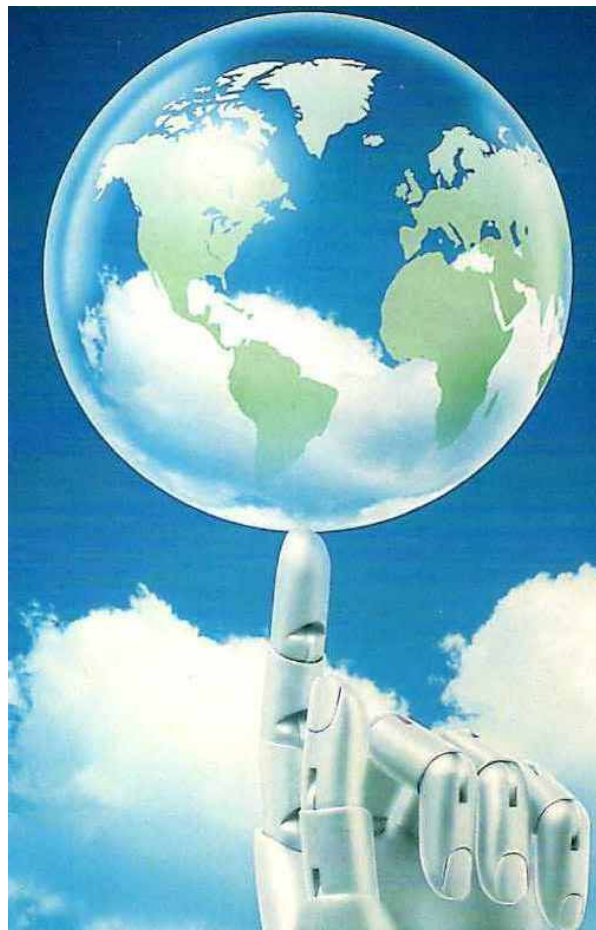

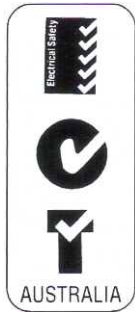

During the spring of 2009 ELTEK Labs and Montec-Elcon formed a partnership adding a host of new services to each company's existing client base. This partnership combines the expertise of these two companies - test program/data collection from a world-class laboratory along with the expertise in the certification process with certifying bodies throughout the world - to our customers from all corners of the globe.

ELTEK Labs = World class testing

Montec-Elcon = World Class Agency Liaison

ELTEK Labs + Montec-Elcon = Maximum benefit to our customers

Montec-Elcon's facility in Montabaur, Germany

ELTEK's headquarters in St. Charles, MO, U.S.A.
